

# PRE-K 4 WEEKLY ACTIVITIES

4/6-4/10

Dear families, I want to thank you all so much for your time and patience during this transitional period. Your efforts mean so much to us, and we hope that you continue to send in your photos of the children! This week, we will be continuing our unit on "Living Things" and the children will be learning about plants. Below you will find the activities for the week. As a reminder, please be sure to view my daily posts on Class Dojo each morning by 10:00am so your child can be marked 'present' for the day. April 13-17 is Easter Week, and we hope that you all enjoy your time with family. Stories and activities will be posted for you and your children to enjoy that week, and feel free to send photos. We will reconnect again April 20<sup>th</sup>!

Sincerely,

Ms. Stephanie, Ms.Coco, & Ms. Lily

## 4/6:

Have a discussion with your child about plants, and how they are living things. Plants need water, air, sun, and nutrients just like we do! Have your child engage with the videos provided.

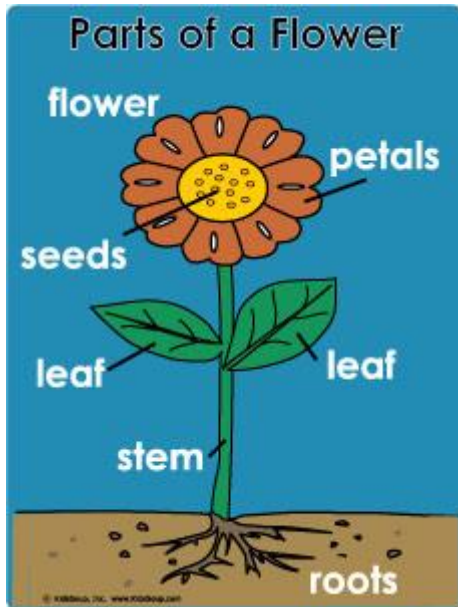

Hable con su hijo sobre las plantas y cómo son seres vivos. ¡Las plantas necesitan agua, aire, sol y nutrientes como nosotros! Haga que su hijo participe con los videos provistos.

与您的孩子讨论植物以及它们如何生活。就像我们一样，植物需要水，空气，阳光和养分！让您的孩子参与提供的视频。如果您家里有植物，请教您的孩子如何浇水和照顾植物！

**Activity:** Use materials around your home to create a plant/flower. Get creative! For example: you can use a straw for the stem of a plant, you can use yarn or string for the roots or tissue paper for the leaves! See what you can find in your house and Have fun!

#### 4/7:

Plants have different body parts, just like we do! Watch the videos provided with your child, and have your child draw a picture of a flower. Label the different parts for your child, and practice naming each - roots, stem, leaf, seeds, petals, flower.

¡Las plantas tienen diferentes partes del cuerpo, como nosotros! Mire los videos provistos con su hijo y pídale que dibuje una flor. Rotule las diferentes partes para su hijo y hable sobre lo que hace cada parte de la planta - raíces, tallo, hoja, semillas, pétalos, flor.

就像我们一样，植物的身体部位也不同！观看与孩子一起提供的视频，并让孩子画一朵花。为您的孩子标记不同的部分，并练习命名-根，茎，叶，种子，花瓣，花

4/8: If you have a plant at home, show your child how to water and care for your plants! Explain to them that plants need water just like we do in order to live. If you have plants at home, have your child help you water your plants weekly/bi-weekly (depending on your plants needs). This is a great routine for your child to help you with!

Si tiene una planta en casa, ¡muéstrole a su hijo cómo regar y cuidar sus plantas! Explíqueles que las plantas necesitan agua al igual que nosotros para vivir. Si tiene plantas en casa, haga que su hijo le ayude a regar sus plantas semanalmente / cada dos semanas (dependiendo de las necesidades de sus plantas). ¡Esta es una gran rutina para que su hijo lo ayude!

如果您家里有植物，请教您的孩子如何浇水和照顾植物！向他们解释植物就像我们生存一样需要水。如果您家里有植物，请让您的孩子每周/每两周为您浇水（取决于您的植物需求）。这是您孩子帮助您的好习惯！
