

We have completed almost four weeks of online distance learning and we have made successful and significant progress. I sat in on all classes today-over six hours of live instruction and I am pleased with the dedication of the teachers, students, and parents who have set up a routine for their children. I see a quiet zone for learning in most homes and this is important for us to be successful in completing the third trimester curriculum.

I ask the parents and students to use Easter Recess to catch up and make up any work that might be missing. Teachers will receive work during the recess but not assign additional work.

I asked teachers to post activities for students to participate in during recess so they are ready to get back into a routine on April 20th. Please use these activities as you wish.

Parents are also asked to complete Financial Aid applications with Ms. Janett and Sr. Bin Lin. It is important to submit all information and they are here to help.

I would like to establish a Prayer Wall. If you want to add the name of a person in need of prayers-it can be just a first name- then send it to Mr. Wong, myself, or a classroom teacher. We do not know the circumstances but want to reach out to all families in our school. It is a good spiritual connection at a time we all need prayers.

Thank you and have a blessed and Holy Easter.
