

Ms. Krystina's Weekly News

Week of September 21, 2020

Dear Families,

This week, we will continue working with the children on getting to know our classroom routines and vocabulary words that are used in association with these routines. We will continue working on following two-step directions in a group setting and taking on additional responsibility and independence in the classroom! The children will begin learning how to use visual aids to support classroom expectations and learn the roles they play in the classroom community. Have a great week!
