

Ms. Gina's Weekly News

October 5, 2020

Dear Families,

This week we will begin a new unit of study, The Five Senses. This topic is a very exciting one for the children because as we know, preschoolers learn best through exploration. The children will participate in many hands-on activities that will help them learn how our Five Senses help us to gather information about the world around us. We will learn which body part is connected to each sense and how our senses can help to keep us safe.

Have a great week!

Ms. Gina, Sr. John Henry, & Ms. Diana
