

Ms. Krystina's Weekly News

Week of October 19, 2020

Dear Families,

Our sense of sight allows us to explore and interpret changes in our environment. We will explore the changes in the leaves that are occurring outdoors. The children will have the opportunity to explore and learn about the parts of leaves and make observations about them! We will use leaves to continue learning about concepts like creating charts, interpreting data and patterning! Have a great week!

Sincerely,

Ms. Krystina, Ms. Shania &
Ms. Claudia
