

# Ms. Gina's Weekly News

October 26, 2020

Dear Families,

This week we are continuing our study of the five senses by exploring all about pumpkins! There are so many wonderful hands on learning opportunities that we will explore; including, scooping out the inside of a pumpkin, counting seeds, and making pumpkin slime! On Friday, we will have some Halloween fun by dressing up in our costumes and taking part in the school's fall festival, where we will "pick" our very own pumpkin to decorate in school. Children may wear their costumes over their regular clothing. Please remember, no weapons of any kind.

Have a great week!

Ms. Gina, Sr. John Henry, & Ms. Diana
