

Pre-K 2 Newsletter

October 12, 2021

Dear Families,

This week we will explore apples by using our Five Senses. The children will engage in different activities that will help them learn about apples using their different senses. They will be doing an apple taste test and testing to see if apples sink or float! They will also learn about the life cycle of apples, the different varieties of apples and the different foods made from apples.

Have a good week!

Ms. Denise, Ms. Becca & Ms. Claudia

Great Books to Read:

Apples

by Gail Gibbons

Apple Harvest

by Calvin Harris

Picking Apples

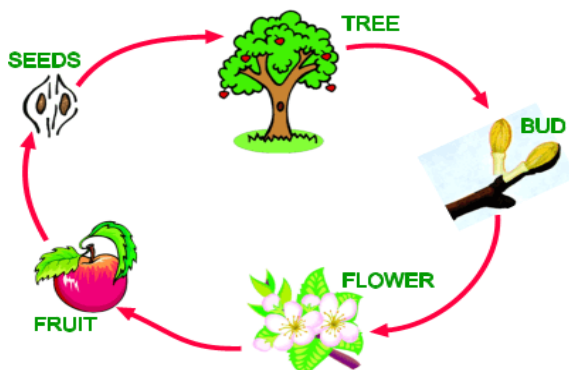

by Liz Mills

Important Reminders:

- *Please check your child's folder daily.
- *Please label your child's outerwear as the weather gets cooler.
