December 6-December 10

Greetings Families! The children were so excited on Thursday when we lit the big Christmas tree in the gym and listened to festive holiday music! Watching their faces light up in delight, swaying and clapping to the music was just simply adorable. They certainly are excited about Santa coming and the celebration of Christmas. We made some wonderful decorations for our classroom door. Candy canes, trees and snowflakes! We have been learning about our classroom, taking turns, sharing and practising playing and moving about safely. This month we will be learning more about what it is to be a group; working together, playing together and caring for one another. As always, please contact me through Class Dojo if you have any questions or need to chat about anything.
