Dear Families,

This week we are continuing our studies of community helpers and learning specifically about Artists, Musicians, Bakers, Chefs, & Farmers! This week, the children will be making their own watercolor paintings, and other art crafts. We will be experimenting with different instruments, and discuss what music means to us! The children will also learn the difference between chefs and bakers, and what farmers do to serve our community! We can’t wait to get started! 😊

Sincerely,
Ms. Stephanie, Ms. Desiree, & Ms. K
