Ms. Gina’s Weekly News
April 4, 2022

Dear Families,

This week we will continue our unit on living things unit by learning about aquatic life. We will learn about some of the living things you find in the ocean, lakes and rivers. We will learn the differences between creatures that live only in the water and the ones that can live both on the land and in the water. We will also learn about the importance of keeping our waters clean and how we can help.

Have a great week!
Ms. Gina, Ms. Diana, & Ms. Michele
