Pre-K 2

March 14, 2022

Newsletter

Dear Families,

Spring is almost here! We are going to begin our unit of study on living things. It is an exciting unit full of opportunities for hands-on learning. Children will enjoy literature, engage in discussions, retell, and act out stories they have read. The children will learn about plants and animals as well as the characteristics of both living and non-living things. We can’t wait to get started!

Have a great week!
Ms. Denise, Ms. Becca & Ms. Claudia

Happy Birthday!
Gabriella- 3/27
