Dear Families,

Welcome back! We hope everyone had a relaxing spring break. This week we will be continuing our unit on Living Things, and shifting our focus to Flowers and Plants! The children will begin to learn about the plant life cycle, the different parts of a plant, and what plants need in order to live and stay healthy. We will also learn about why plants are important to us, and how we should care for them. We have many crafts and activities planned, and we can’t wait to get started 😊

Sincerely,
Ms. Stephanie, Ms. Desiree, & Ms. K

Books To Read At Home:
- It Started as a Seed by Dr. Alden Kelley
- Planting a Rainbow Garden by Lois Elhert
- How a Seed Grows by Helen Jordan
- From Seed to Plant by Gail Gibbons
- Flower Garden by Eve Bunting

Important Reminders:
- Friendly reminder: The children should not be bringing toys from home to school. Thank You for your cooperation!
- Please check folders for important notices, crafts, or other things sent home 😊

Mandarin Concepts:
Flower - (花) Huā
